Cherry Blend Coffee Roasters opened August 7, 2019. Being a small Specialty Coffee Roaster, we are only one of very few existing in our area. We do not have a coffee shop. We do roast coffee and supply wholesale and retail to our clients. We offer a full website for ordering online, open store hours and even home delivery. If you stop in during our open hours, be prepared to taste a sample of our coffee for *Free!*

We started with nine different roasts for our clients, including Ethiopia, Guatemala, Brazil, Costa Rica and five blends. This past month, we have added two new Single Origins, including Colombia and Papua New Guinea, with two new blends. Our goal is to provide fresh roasted coffee and deliver it within a couple days to our clients.

Having had a painting business the past 23 years (Tegrey Family of Coatings) which we still operate, has provided us the best business training available. We believe in Quality and Service at a fair price. The same will be followed for our new roasting business. Delivering fresh roasted coffee to your home has an advantage. It will be fresh roasted, handled by our Department of Agriculture Certified employees, and is a Female and Veteran-owned company with 23 years business experience.

Whether you need 1 pound or 500 pounds, we have the best and newest equipment available for your needs. We offer for Free a coffee tasting every **Saturday morning** at our Roastery. Just sign up online. We look forward to serving all people and providing the best product available. Stop in for a Free coffee tasting and check us out online. **Thank you**
